May 25, 2017 ANTI-CHOLESTEREMIC, N.E.C. (Entry: J37-0009050-2):

- It appears the drug or device is not included in a list required by Section 510(j), or a notice or other information respecting it was not provided as required by section 510(j) or 510(k).
- The article appears to lack adequate directions for use.
- The article is subject to refusal of admission pursuant to section 801(a)(3) in that it appears to be misbranded as defined in section 502(o) of the FD&CA. It appears that it was manufactured, prepared, propagated, compounded, or processed in an establishment not duly registered under section 510 of the Act. [Misbranding, Section 502(o), 801(a)(3)].?
- Required label or labeling appears to not be in English in violation of 21 C.F.R. 201.15(c)(1).

May 24, 2017 EXHIBITS - OTHER DRUG RELATED ITEMS N.E.C. (Entry: J37-0009050-2):

- It appears the drug or device is not included in a list required by Section 510(j), or a notice or other information respecting it was not provided as required by section 510(j) or 510(k).
- The article appears to lack adequate directions for use.
- The article is subject to refusal of admission pursuant to section 801(a)(3) in that it appears to be misbranded as defined in section 502(o) of the FD&CA. It appears that it was manufactured, prepared, propagated, compounded, or processed in an establishment not duly registered under section 510 of the Act. [Misbranding, Section 502(o), 801(a)(3)].?
- Required label or labeling appears to not be in English in violation of 21 C.F.R. 201.15(c)(1).

May 24, 2017 EXHIBITS - OTHER DRUG RELATED ITEMS N.E.C. (Entry: J37-0009050-2):

- It appears the drug or device is not included in a list required by Section 510(j), or a notice or other information respecting it was not provided as required by section 510(j) or 510(k).
- The article appears to lack adequate directions for use.
- The article is subject to refusal of admission pursuant to section 801(a)(3) in that it appears to be misbranded as defined in section 502(o) of the FD&CA. It appears that it was manufactured, prepared, propagated, compounded, or processed in an establishment not duly registered under section 510 of the Act. [Misbranding, Section 502(o), 801(a)(3)].?
- Required label or labeling appears to not be in English in violation of 21 C.F.R. 201.15(c)(1).

May 23, 2017 GLUCOSAMINE (PHARMACEUTIC NECESSITY) (Entry: J37-0009050-2):

- It appears the drug or device is not included in a list required by Section 510(j), or a notice or other information respecting it was not provided as required by section 510(j) or 510(k).
- The article appears to lack adequate directions for use.
- The article is subject to refusal of admission pursuant to section 801(a)(3) in that it appears to be misbranded as defined in section 502(o) of the FD&CA. It appears that it was manufactured, prepared, propagated, compounded, or processed in an establishment not duly registered under section 510 of the Act. [Misbranding, Section 502(o), 801(a)(3)].?
- Required label or labeling appears to not be in English in violation of 21 C.F.R. 201.15(c)(1).

May 22, 2017 MAGNESIUM (MINERAL) (Entry: J37-0009050-2):

- Required label or labeling appears to not be in English per 21 CFR 101.15(c).
- The article is subject to refusal of admission pursuant to Section 801(a) (3) of the FD&C Act in that it is a dietary supplement that appears to be misbranded within the meaning of Section 403(y) of the FD&C Act in that the dietary supplement label fails to bear a domestic address or phone number through which the responsible person (as described in section 761 of the FD&C Act) may receive a report of a serious adverse event with such dietary supplement.
- The article appears to be misbranded in that the label or labeling fails to bear the required nutrition information.

Feb 19, 2014 VITAMIN, MINERAL, PROTEINS AND UNCONVENTIONAL DIETARY SPECIALITIES FOR HUMANS AND ANIMALS, N.E.C. (Entry: BDC-0042081-7):

- The labeling appears to be false and misleading in any particular.

**THIRD PARTY AUDITS****BRC**Grade: **A+**Expiration Date: **Nov 19, 2023**

Issue Date: Aug 2, 2022

Category: "07 - Dairy, liquid egg"

Scope: Production (traitement thermique, maturation, moulage, affinage ou non), aromatisation ou enrobage et conditionnement de fromages à pâte molle non affinés à base de lait de vache pasteurisé enrichi en crème, naturel, aromatisé ou enrobé.

Production et conditionnement de fromages affinés à pâte molle et à croûte fleurie fabriqués à partir de lait de vache entier pasteurisé ou thermisé, ou de lait de vache pasteurisé enrichi de crème (fromages aromatisés ou non). Les fromages non affinés sont emballés sous atmosphère protectrice dans des boîtes ou des sacs en plastique. Les fromages affinés sont emballés sous papier, dans des emballages en bois filmés ou dans des emballages en plastique. Les fromages destinés à être fondus sont emballés en vrac dans des sacs et des bacs ou à l'unité. Incluant l'audit des services centraux Groupe Lincet, 15 Rue de la Quennevelle, 89100 Saligny. Production (thermal treatment, maturing, molding, ripening or not), flavoring or coating and packaging of soft unripened cheeses made from pasteurized cow's milk enriched with cream, natural, with flavourings or coated, and production and packaging of ripened soft mouldy rind cheeses made from pasteurized or thermized whole cow's milk, or from pasteurized cow's milk enriched with cream (cheeses possibly flavored). Unripened cheeses are packed under protective atmosphere in plastic boxes or bags. Ripened cheeses are packed under paper, in wooden packaging filmed, or in plastic packagings. Cheeses intended for melting packed in bulk in bags and tubs, or individually. Incorporating head office audit at Groupe Lincet, 15 Rue de la Quennevelle, 89100 Saligny

RECALLS

Oct 11, 2012 Class I recall for Foods (Recall Number: F-0818-2013)

- Longhorn Bar Roasted Peanut with Chocolate (1.23 oz), 144 units per case. The bars are in packaging labeled as Longhorn Bars and have a picture of roasted peanuts and chocolate. : LIN-MAR PARTNERS, INC of Austin, Texas recalled two varieties of Longhorn Bars: Roasted Peanut with Chocolate Energy Bars and Peanut Butter Trail Mix Protein Bars, because they have the potential to be contaminated with Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis. This recall was initiated because these products were made using peanuts from Sunland Inc. which has issued an expanded recall of the peanuts used in these products.

Status: Terminated

Oct 11, 2012 Class I recall for Foods (Recall Number: F-0819-2013)

- Longhorn Bar Peanut Butter Trail Mix (1.80 oz), 144 units per case. RECALLS

May 22, 2015 Class II recall for Foods (Recall Number: F-2740-2015)

- Mediterranean Seasoned Wild Alaska Salmon, brand name Orca Bay, IVP frozen packages, ready to cook product. Products are keta salmon fillets with a brown spice rub. Each fillet is individually vacuum-packed in a clear plastic film and ranges from 1-2 lbs. UPC 2 08617 60XXX X (UPC is labeled at retail stores). The last 4 digits of the UPC is different on each retail unit because these items are random weight and priced at the store level. The last 4 digits correspond to the price of that specific fillet based on its weight. : Mediterranean Seasoned Wild Alaska Salmon is recalled due to undeclared wheat and soy (soy sauce).

Status: Terminated
